Stout Oak Farm is a Certified Organic, solar-powered vegetable farm in Brentwood, New Hampshire. We seek to cultivate connection and community through food and farming. We grow 5 acres of vegetables, and deliver to wholesale accounts through Three River Farmers Alliance (we are one of the founding farms of Three River). We are committed to taking good care of the land, and providing delicious, healthy food for our community.

Our Farming Practices

Everything we grow is Certified Organic and Certified Real Organic. We choose to use ecologically sound farming practices for the health of our community and land. We're committed to enhancing soil health, using resources efficiently (for example, no black plastic mulch!), and growing safe, healthy food.
